FOR IMMEDIATE RELEASE

NU SKIN ENTERPRISES PROVIDES ESTIMATED SECOND-QUARTER RESULTS AND UPDATES 2019 OUTLOOK

PROVO, Utah — July 16, 2019 — Nu Skin Enterprises, Inc. (NYSE: NUS) today announced estimated second-quarter results and updated its outlook for full-year 2019. The company anticipates reporting second-quarter revenue between \$622 and \$623 million and earnings per share of \$0.82 to \$0.84. The company's revised revenue outlook for 2019 is \$2.48 to \$2.52 billion with a negative foreign currency impact of approximately 4 percent, and earnings per share of \$3.20 to \$3.35.

“We are adjusting our guidance for the year primarily due to a reduced revenue outlook in Mainland China following the government’s 100-day campaign to review and inspect the health products and direct selling industries,” said Ritch Wood, chief executive officer. “Continued restrictions on sales meetings, as well as media scrutiny, have negatively impacted consumer sentiment and contributed to this adjustment. While we anticipated we could begin holding meetings in the second quarter, meeting approvals for the industry have been significantly more restrictive than expected and remain limited. Additionally, the U.S. dollar has continued to strengthen, and we have adjusted our 2019 guidance to include a larger-than-anticipated foreign currency impact. We will provide more detail regarding results for the second quarter in our earnings release scheduled for Aug. 6.”

The company’s second-quarter earnings release and a management-led conference call will take place after the market close on Tuesday, Aug. 6. The call will begin at 5 p.m. ET and will be webcast on the investor relations section of the company’s website at ir.nuskin.com. The financial information to be presented will also be available on the investor relations section of the company’s website. A replay of the webcast will be available at the same location through Tuesday, Aug. 20.
