## **Explanation of Responses:**

1. On July 15, 2013, the reporting person was granted a performance-vesting stock option to purchase 75,000 shares of Class A Common Stock, which vests in four equal tranches based on Nu Skin Enterprises, Inc.'s satisfaction of certain performance criteria. On May 12, 2014 (and as inadvertently refiled in duplicate on August 13, 2014), the reporting person reported the vesting of 18,750 performance-vesting stock options based on the determination of the Issuer's Compensation Committee that the relevant performance criteria had been satisfied. However, due to the August 12, 2014 restatement of the Issuer's consolidated financial statements for the quarter ended March 31, 2014, the Issuer's Compensation Committee determined that the relevant performance criteria had not been satisfied and that the 18,750 performance-vesting stock options remain unvested and are not currently reportable. Accordingly, this amendment is being filed to eliminate the previously reported vesting.
